

Programming Period: 2014 to 2020

Instrument/Program level: European

Name of the instrument/Program: ROP ERDF

Instrument/Program application areas: ITALY – REGIONE VENETO

Instrument/Program

website: <http://www.regione.veneto.it/web/programmi-comunitari/fesr-2014-2020>

Instrument/Program eligible areas: Veneto

Managing authority:

Regione Veneto - Sezione programmazione e AdG FESR

Objectives:

- 1b. Promoting business investment in R&I, developing links and synergies between enterprises, research and development centres and the higher education sector, in particular promoting investment in product and service development, technology transfer, social innovation, eco-innovation, public service applications, demand stimulation, networking, clusters and open innovation through smart specialisation, and supporting technological and applied research, pilot lines, early product validation actions, advanced manufacturing capabilities and first production, in particular in key enabling technologies and diffusion of general purpose technologies;
- 2a. Extending broadband deployment and the roll-out of high-speed networks and supporting the adoption of emerging technologies and networks for the digital economy;
- 2b. Developing ICT products and services, e-commerce, and enhancing demand for ICT;
- 2c. Strengthening ICT applications for e-government, e-learning, e-inclusion, e-culture and e-health;
- 3a. Promoting entrepreneurship, in particular by facilitating the economic exploitation of new ideas and fostering the creation of new firms, including through business incubators;
- 3b. Developing and implementing new business models for SMEs, in particular with regard to internationalisation;
- 3c. Supporting the creation and the extension of advanced capacities for product and service development;
- 3d. Supporting the capacity of SMEs to grow in regional, national and international markets, and to engage in innovation processes;
- 4b. Promoting energy efficiency and renewable energy use in enterprises;
- 4c. Supporting energy efficiency, smart energy management and renewable energy use in public infrastructure, including in public buildings, and in the housing sector;
- 4d. Developing and implementing smart distribution systems that operate at low and medium voltage levels;
- 4e. Promoting low-carbon strategies for all types of territories, in particular for urban areas, including the promotion of sustainable multimodal urban mobility and mitigation-relevant adaptation measures;

5b. Promoting investment to address specific risks, ensuring disaster resilience and developing disaster management systems.

Eligible thematics in line with ERC sectors: Life Sciences; Physical Sciences and Engineering; Social Sciences and Humanities

Eligible thematics in line with S3: Agrifood processing; Cultural & creative industries; Environmental technologies, renewable energies & resource efficiency; ICTs (Digital technologies & user-friendly systems); KETs; Public health & security (e-Health); Smart & energy-efficient buildings; Sustainable Living & mobility

Action typologies: Cross-cutting actions to develop jointly new knowledge, future and emerging technologies, research infrastructures and key competences; Development of applications for mobile devices; ICTs for the communications; Increasing skills of employees and entrepreneurs regarding new technologies, innovative products, services, processes and social innovation; Development of new sustainable technologies, new products and services; Development of pilot programs & projects; Feasibility studies; Development of platforms for knowledge sharing (knowledge innovative communities, data clouds) and creation of functional networks of joint distributed research facilities; Decision support tools for innovation; Strengthen the networking and cooperation between the industrial smart systems integration stakeholder community in Europe and support to international collaboration

Beneficiaries: Local public authority; Regional public authority; Sectorial agency; Infrastructure and (public) service provider; Higher education and research; Education/training centre and school; Large enterprise, enterprise excluding SME; SME; Business support organisation

Status of the eligible institutions: Public; Private; Public equivalent body

Programme contribution maximum: 50%

Programme Budget: 288 149 144,00 €
