

EUSALP TASK FORCE ON MULTIFUNCTIONAL FORESTS AND SUSTAINABLE USE OF TIMBER

TF MFSUT

AG6 – RESOURCES

THE FLAGSHIP

The TF-MFSUT was established on the 28th February 2019 based on the successful joint workshop at the Annual Forum 2018 in Innsbruck (Austria).

The AG Leaders confirmed their collaboration to empower a smooth exchange of information among the involved AGs, to tackle conflicts as well as to support joint topics and interests and finally go for results which can be capitalized on the political level.

TF-MFSUT activities are carried out jointly by the members of the AGs involved (2 for each involved AG) and are specified in the 3-year mandate endorsed by the EUSALP Executive Board.

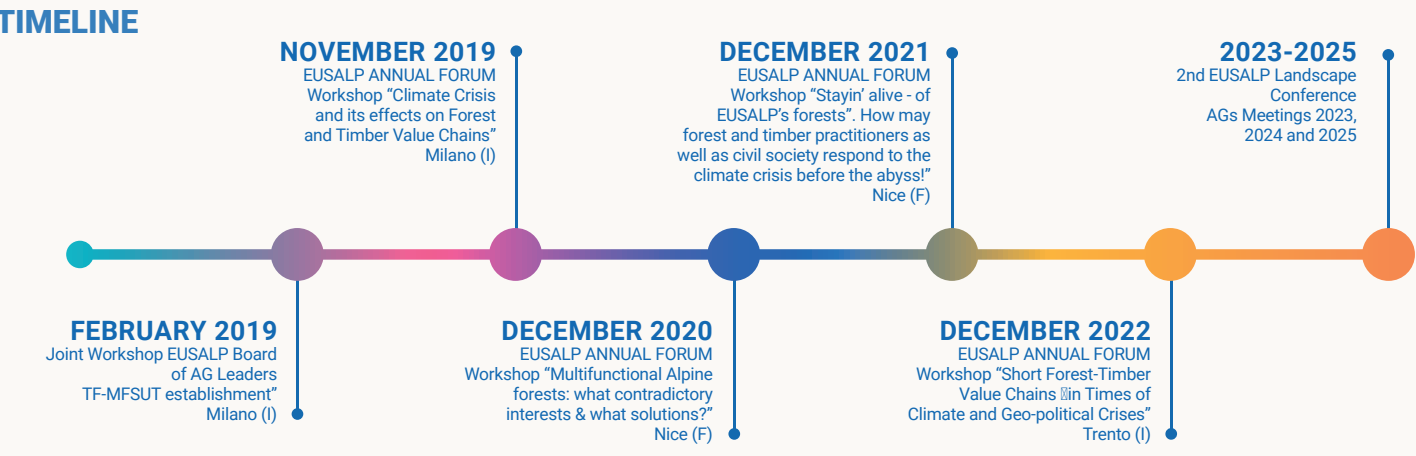

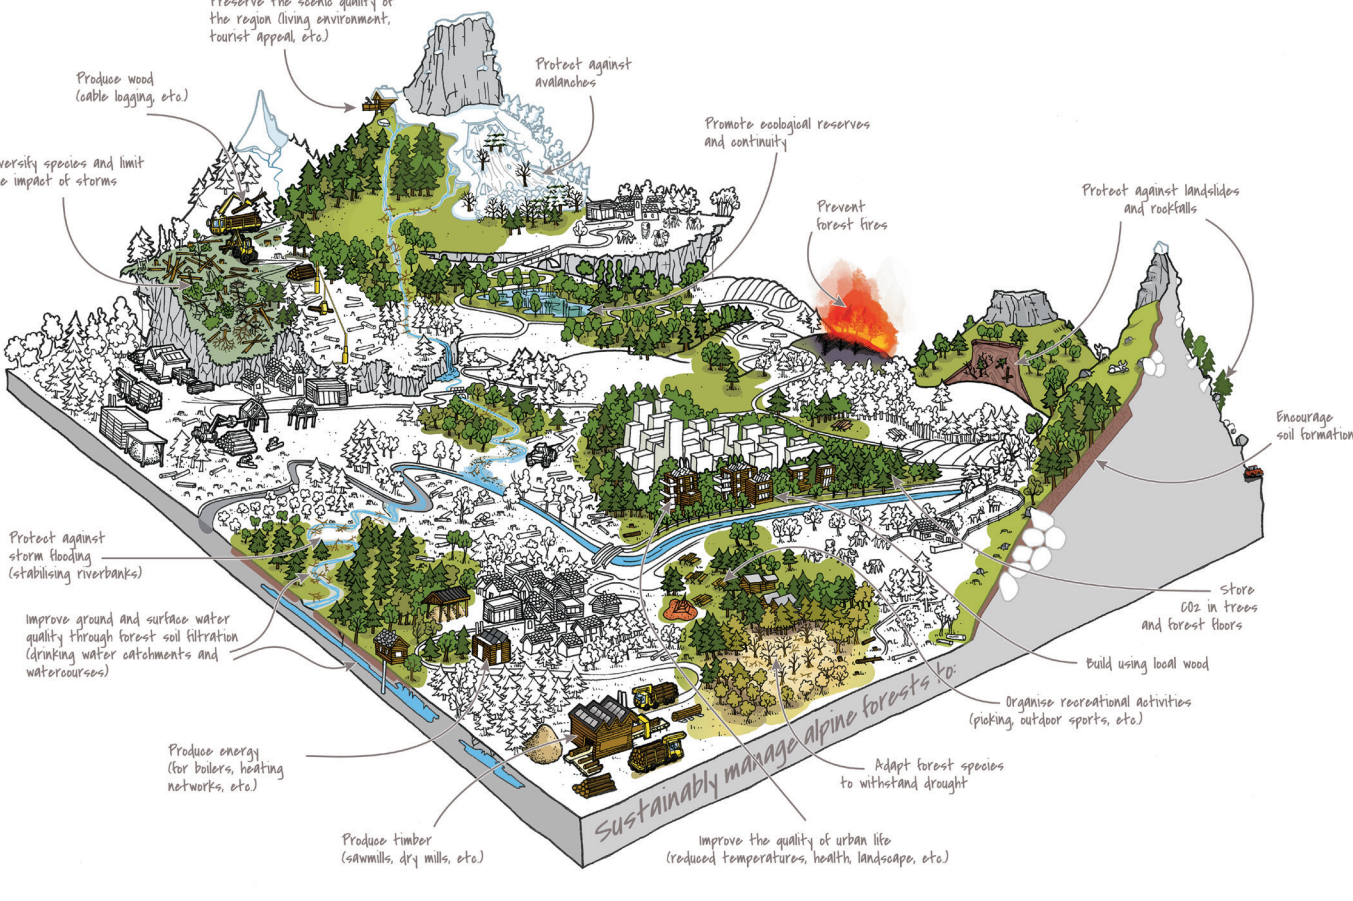

TF-MFSUT is co-leading the AG2 Subgroup "Wood".

THE RESULT

- The planned tasks are performed through:
- ★ Support to the AGs Work Plans on forest and timber-related topics.
 - ★ Organization of workshops, conferences, seminars, talks, etc..
 - ★ Enhance the interaction with other initiatives dealing with forest and timber at local/regional, EUSALP, and EU level.
 - ★ Provide support in projects for funding programs.
 - ★ Engage in exchange and cooperation with ongoing forest and timber-related projects;
 - ★ Assistance in strengthening the communication among forest owners, administrations and organisations, timber clusters and associated service providers (IT, planners, architectures, retailers, engineers) youth organisations, training and education institutions NGOs.
- This is to be capitalised on political level and will be published on TF MFSUT LinkedIn profile and on EUSALP webpage.
