

Dear Sir or Madam,

as EUSALP Action Group 4 Mobility co-leaders, EGTC European Region Tyrol-South Tyrol-Trentino and Région Provence-Alpes-Côte d'Azur are pleased to invite you to the

**7<sup>th</sup> EUSALP Mobility Conference, on 27<sup>th</sup> of November 2025 from 9.00 to 13.00**

**in Innsbruck**

**"Mobility transition in the Alpine Region: sustainable, energy-efficient, multimodal"**

The need to avoid, shift and improve both freight and passenger transport, while at the same time connecting Alpine regions in a sustainable way remains an important task for the EU Strategy for the Alpine Region (EUSALP). Building on ten years of macro-regional cooperation in the Alps, the 2025 Austria-Liechtenstein Co-Presidency of EUSALP therefore highlights the mobility transition as one of its three thematic priorities.

The 7<sup>th</sup> EUSALP Mobility Conference will gather political representatives, decision-makers and stakeholders to discuss pressing challenges and present concrete solutions for transalpine transport and cross-border mobility, based on the main achievements of the 2023-2025 Work Plan of EUSALP AG4.

Following the EUSALP Annual Forum taking place on 25<sup>th</sup> and 26<sup>th</sup> of November in Innsbruck, the 7<sup>th</sup> edition of the EUSALP Mobility Conference creates a great opportunity to strengthen cooperation and exchange important lessons learned. In the afternoon of the 27<sup>th</sup> of November, participants will be able to engage with the Alpine Convention during the workshop "Shaping Sustainable Tourism Mobility in the Alpine Region". Further information on the programme and the registration on the events will follow shortly.

See you in Innsbruck!

On behalf of EUSALP AG4 co-lead EGTC European Region Tyrol-South Tyrol-Trentino,

**René Zumtobel**

Regional Councilor of Tyrol for Mobility and European Transport Policy
