

ROUND TABLE

SMART VILLAGES AND DIGITAL CONNECTIVITY IN THE ALPS

Bard (Aosta), Italia – 8th June 2018

The **AG5**, in order to enhance the work of his **EUSALP Action Group** concerning connectivity and accessibility to services of general interest, co-organizes the Round Table on "**Smart Villages and Digital connectivity in the Alps**" in collaboration with the **University of Valle d'Aosta**.

The Round Table is part of the event organized within the 2nd **Transborder Centre on Tourism and Mountain Economies (TEM)** conference on "Local development: innovation, tourism and place branding". In this framework other subjects such as sustainable innovation, multi-level governance and big data for regional development will also be discussed.

The Round Table is open to the public and gives the opportunity to listen the contribution of academic professors and experts to the themes of Smart Villages and Connectivity in the Alps.

SPEAKERS

Carlo Alberto Carnevale Maffè - Associate Professor of Practice on Strategy and Entrepreneurship at SDA Bocconi School of Management

Davide Calonico - Chairman of TOP-IX Consortium and First Researcher at Italian national metrology institute (INRIM)

Darja Kukovič - Project Assistant at University of Maribor and ERDF Lead Partner of Smart Villages Alpine Space Programme project

Claudio Piga - Professor of Economics at Keele University

Marco Facchinetti - Architect and assistant professor of urban planning at Polytechnic of Milano (DASTU)

Alberto Bramanti - Associate Professor of Regional Economics at Bocconi University.

MORE INFORMATION

The event will be held on **Friday the 8th June** 10:00 A.M. at **Forte di Bard**, one of the best examples of early 1800 military strongholds, and now an important cultural and touristic pole of Valle d'Aosta
