

Smart Villages - A common perspective through different visions

Courmayeur (Italy)
23rd-24th May, 2019

Within the events scheduled for the year of the Italian Presidency of EUSALP, Regione autonoma Valle d'Aosta organizes an event to bring together politicians, researchers, project managers, associations and all those people who are involved on the thematic of Smart Villages.

During the event will be presented best practices, projects and ideas related to the emerging theme of Smart Villages as an innovative perspective to provide better services and improve the quality of life in Alpine villages.
