

ASSIZES OF ALPINE PASTORALISM

"THE ALPS AND PASTORAL FARMING, TRANSITION LABORATORIES"

as part of the International Film Festival of Pastoralism and Great Spaces Films

October 8, 2020 - Alpexpo Grenoble (France)

Two events form these meetings under the EUSALP banner: the AFP Days in **Barcelonnette on 25 September** offered field visits on the theme of material and intangible products of the pastoral space, and the day of the Film Festival, is a seminar dedicated to the transitions of pastoral farming facing challenges. This seminar will address the themes of **food sovereignty and the enhancement of pastoral products, of resilience facing the climate change, the confrontation of pastoral spaces with the cities and the pastoralism facing the new societal expectations**. This seminar is part of the discussions of EUSALP and the Alpine Convention, in order to share the initiatives that can be implemented within the Alpine Region.
