#### Session organisers

Lombardy Region in connection with the action groups and the coordinators of the strategic policy areas of AlpGov 2.

#### Title, topic, perimeter and target groups of the session

#### **The sustainable and resilient Alpine region is preparing in EUSALP action groups**

Better cooperation between Alpine regions and States is needed to tackle emerging challenges, such as climate change and the economic-related issues stemming from Covid-19 pandemic.

As a result, this session will focus on:

- Strategies and priorities of the nine action groups
- Climate change and health crisis in the Alpine Space
- EUSALP projects
- Mainstreaming and AlpGov 2

#### Origin and history of this session

EUSALP represents an opportunity to improve cross-border cooperation in the Alpine States as well as identifying common goals and implementing them more effectively through transnational collaboration.

As a result, AlpGov 2 project serves as the main tool to make the EUSALP effective, enhancing its governance structures and mechanisms in order to push the EU Strategy for the Alpine Region towards the embedding of mainstream policies for regional development and cohesion.
