FRENCH PRESIDENCY OF THE EUROPEAN UNION STRATEGY FOR THE ALPINE REGION

TOGETHER FOR A GREENER ALPINE REGION

Boosting the ecological transition of the Alpine region to tackle climate change

OUR COMMITMENTS FOR THE CHAIRMANSHIP

1 PARTICIPATION
Involving regional alpine players in preparing the chairmanship: municipalities, developers of European projects, authorities in charge of European funds, NGOs, civil society, Alpine and Jura mountain range committees, the Conseil national de la montagne (French national mountain council)

2 EMBEDDING
> Arguing in favour of an ambitious cohesion policy
> Improving the inclusion of the strategic aims in European, national and local public policies, and further activating the different funds and programmes of the latter for the purposes of implementing the strategy

3 COHESION
> Including all types of regions in the activities implemented by the EUSALP: mountain and valley regions, rural plains, suburban areas, cities, metropolises
> Encouraging cooperation between cities, valley and mountain areas

4 FOR YOUNG PEOPLE
> Improving the focus of EUSALP activities for the benefit of young people in the Alpine region
> Increasing the participation of young people in its activities

5 PRAGMATISM
> Complementing existing coordination with:
  - cross-border and transnational cooperation
  - local rural development cooperation (LEADER programme).
> Ensuring continuity with previous chairmanships

6 CONCRETE
> Focusing the EUSALP’s work on specific activities with tangible results
> Promoting the work of the EUSALP as a basis for European, national and regional public policies

7 PROMOTION
> Promoting the activities and work of the EUSALP
> Promoting the initiatives of States, Regions and other municipalities contributing to the aims of the strategy
Developing year-round sustainable tourism

**Leading players:** THE AUVERGNE-RHÔNE-ALPES REGION AND THE STATE

- Providing an impetus to speed up the Alpine tourism transition towards an environmentally friendly model.

Promoting consumption of locally-sourced mountain products

**Leading players:** THE AUVERGNE-RHÔNE-ALPES REGION AND THE STATE

- Developing regional approaches to encourage consumption of local mountain products.
- Promoting pastoralism.

Developing sustainable mobility and transport

**Leading players:** THE PROVENCE-ALPES-CÔTE D’AZUR REGION AND THE STATE

- Encouraging the transport of goods by rail rather than by road.
- Improving interoperability and intermodality between information and ticketing systems.
- Developing low-CO₂ and zero-CO₂ emissions private and public service vehicles.

Providing education for young people about mountain regions and enabling their participation in the sustainable development of the Alpine region

**Leading players:** THE BORDEAUX-FRANCHE-CÔTE REGION AND THE STATE

- Mass re-launch of mountain-centric educational activities for young people in the Alpine region.
- Encouraging activities and partnerships enabling young people to get involved in the development of their regions.

Speeding up the energy transition of the Alpine region

**Leading players:** THE AUVERGNE-RHÔNE-ALPES REGION AND THE STATE

- Making use of the renewable energy production potential of the region.
- Encouraging reduced energy consumption, particularly in housing.

Conserving biodiversity and preventing natural hazards

**Leading players:** THE PROVENCE-ALPES-CÔTE-D’AZUR REGION AND THE STATE

- Developing activities to mitigate the impact of climate change and anticipating its effects.
- Preventing natural hazards in order to protect the population and encouraging economic development by creating suitable governance tools.

Activities to improve governance

**Leading player:** THE STATE

- Improving coordination between various levels of public activity and existing cooperation initiatives.
- Giving substance to cooperation between cities, valley and mountain areas: a founding principle of the EUSALP.
- Facilitating the involvement of local municipalities and civil society in implementing the EUSALP while enhancing its communication with citizens.
- Improving the use of different sources of financing and combining them in a coherent and effective manner to implement the EUSALP’s action plan.
