3RD ANNUAL FORUM 2019

28-29 November
Regione Lombardia - Milano

Shaping. Future. Together.

Palazzo Lombardia - Piazza Città di Lombardia, 1 - 20124 Milan (Italy)

28 November 2019

AlpGov project final event

The banner for the AlpGov Final Event features the text "AlpGov Final Event" in large green and blue letters, with the date and time "28th November 2019 | 11.00-13.00" below it. Logos for the European Union, Interreg Alpine Space, and the Italian Presidency are displayed. To the right, a green section states "As part of Eusalp annual forum" and "28 - 29 NOVEMBER 2019 Palazzo Lombardia". Below this is a Twitter post from @EUAAlpineSpace announcing the first day of the #EUSALP Annual Forum and the AlpGov final event.

More than 150 people attended the AlpGov final conference, which started with the welcoming speech of the Italian Presidency and the greetings from DG Regio and the Bavarian lead partner.

First day of the #EUSALP Annual Forum! Join us at the Final Event of our Interreg Alpine Space Project #AlpGov

Italian Presidency, Bavarian lead partner and action group leaders discussed about the outputs of the project and answered to the questions of the young finalists of the [“Pitch Your Project”](#) competition.

The Final event of AlpGov was an excellent opportunity to understand what this project has achieved to bring EUSALP forward.

At the end, all partners gathered for a family picture and invited the participants to acknowledge the wide range of results that will be taken forward in a follow-up project, which is due to start in early 2020. More information: www.alpine-space.eu/alpgov.

Alpine Space projects in the EUSALP plenary

Lena Andersson Pench, Director of the Directorate-General for Regional and Urban Policy of the European Commission: "we are at a turning point for Cohesion Policy as the Commission is funding projects in the territories for a greener, more attractive Europe, and closer to citizens."

Thomas Egger: "with SmartVillages we want to make the Alps the frontrunner on digitalisation in Europe!" And "we have great eusalp initiatives as projects, we need now to step up to the political level!" #EUSALP

Towards an inspiring Alpine Space Programme 2021-2027

The preparation of an inspiring Interreg Alpine Space Programme 2021-2027 is well on track. The future programme will tackle the main future challenges and lead the transition to a carbon neutral and climate resilient Alpine Region.

This workshop was the first occasion for our stakeholders to have their say and shape a programme which answers the Alpine needs.

More open consultation events are planned in the Alpine countries in spring 2020.

Stay tuned!

Interreg AlpineSpace
@EUAlpineSpace

Shape the future @EUAlpineSpace programme! First Alpine Space stakeholder workshop towards 2021-2027 now at the #Eusalp forum. Looking forward to inspiring contributions!

Bring in your ideas and proposals:

Interactive workshop-session on the first ideas of the Alpine Space Programme 2021-2027

Guiding questions:

1. To which proposals do you agree?
2. To which proposals do you disagree ? Why?
3. What is missing and should be added ?
4. What would make the new programme really inspiring?

Part 1: "Talk to your neighbour" – Please note your feedback on cards!

Part 2: Plenary discussion

The participants discussed the draft programme strategy together and brought in their ideas for the Programme 2021-2027.

Visit our [Interreg Alpine Space programme 2021+](#) page and find:

- The presentation from the experts supporting us in the programming process;
- The results of this workshop;
- The dates and places of the national stakeholder consultation events.

Aim high! - Interreg Alpine Space meets EUSALP Synergy session

Alpine Space call 4 project managers, EUSALP action group leaders, ARPAF project managers and Alpine Space programme members met in an informal atmosphere to exchange on project and EUSALP activities, make personal contacts and have a first discussion on potentials for coordinated activities in the future.

Interreg AlpineSpace
@EUAlpineSpace

"We want to scale up the @EUAlpineSpace programme, continue the professional cooperation with #EUSALP, focus on challenges that touch the whole region eg. PO2: Greener and carbon-neutral Europe". D. Matzek-Lichtenstein from @RegioInterreg

Inspiring discussion between project partners and action groups members at the "Aim high!" Synergy session of @EUAlpineSpace at the #EUSALP forum.

IMEAS final event

During the workshop, project partners and experts shared their experience from the project activities and discussed the key findings and potential applications to other contexts.

IMEAS delivered three main outputs:

- A white paper describing the stakeholders network model;
- A web platform where content tools and guidelines;
- Integrated maps for the development of an efficient model for low-carbon energy production in IMEAS.

Interreg Alpine Space Stand

This year, we could introduce the latest version of our brochure:

Alpine cooperation stories

featuring all 64 projects co-financed by the programme.

Web version [here](#).

Thank you!

And see you next year!
